

**NOTICE TO CYCLISTS**  
**RIVER MOUNTAINS LOOP TRAIL**  
**\*\*\*TRAIL DETOUR\*\*\***

Ongoing construction by Southern Nevada Water Authority (SNWA) contractors requires closure of the existing River Mountains Loop Trail (RMLT) near the SNWA's Alfred Merritt Smith Water Treatment Facility. To accommodate users of the RMLT, a detour has been established.

**WHERE:** Between (approximately) RMLT Mile Markers 17.5 and 20.5 (NDOW Fish Hatchery to Boulder Harbor), cyclists will be detoured onto the north and southbound shoulders of Lakeshore Road (**See MAP below**).

**WHEN:** July 25, 2016, until further notice.

**DETOUR DIRECTIONS:**

**Heading SOUTHBOUND:** At approximately Mile Marker 17.5, cyclists will encounter a "TRAIL DETOUR AHEAD 500 FT" sign. Proceed slowly 500 feet to a "TRAIL DETOUR TO ROAD" sign. Turn left at the sign and navigate between two metal bollards, then immediately turn right onto the shoulder of Lakeshore Road. Proceed southbound on the shoulder approximately 1.7 miles to a "TRAIL DETOUR AHEAD 500 FT" sign. Proceed slowly 500 feet to "TRAIL X-ING" and "TRAIL DETOUR" signs. At these signs, and as vehicular traffic permits, cross Lakeshore Road and proceed back onto the RMLT.

**Heading NORTHBOUND:** At approximately Mile Marker 20.5, cyclists will encounter a "TRAIL DETOUR AHEAD 500 FT" sign. Proceed slowly 500 feet to a "TRAIL CLOSED" sign followed by a "TRAIL DETOUR TO ROAD" sign. Turn left at this sign and proceed approximately 120 feet to a "STOP" sign. Turn right onto the shoulder of Lakeshore Road and proceed northbound on the shoulder for approximately 1.7 miles to about Mile Marker 18 near the NDOW Fish Hatchery. Cyclists will encounter a "TRAIL DETOUR AHEAD 500 FT" sign. Proceed slowly 500 feet, then turn right at a "TRAIL DETOUR" sign which will direct cyclists back onto the RMLT.

**Additional Information:** The detour will reduce the overall RMLT length by approximately 1.3 miles.

**Contact:** If you have questions, please contact Robin Rockey, 702-862-3405, robin.rockey@snwa.com
